

I can stay healthy by staying home from school!

Sometimes things change like when I feel sick. When I feel sick, it is important that I stay home from school.

Staying home from school may make me feel sad or upset because it changes my day. It is OK to feel sad or upset.

staying home when I feel sick

everyone else stays healthy

Staying home from school when I'm sick helps make sure that other people stay healthy.

one person gets really sick

school gets closed

Sometimes when one person gets sick, my school may decide to close down the school for a few weeks.

not sick

stay home because school is closed

This means that even if I am not sick, I have to stay home.

school closes

to protect everyone

Sometimes things change and school might close. The school closes down to make sure that everyone can stay healthy. This is a good choice.

bored

sad

upset

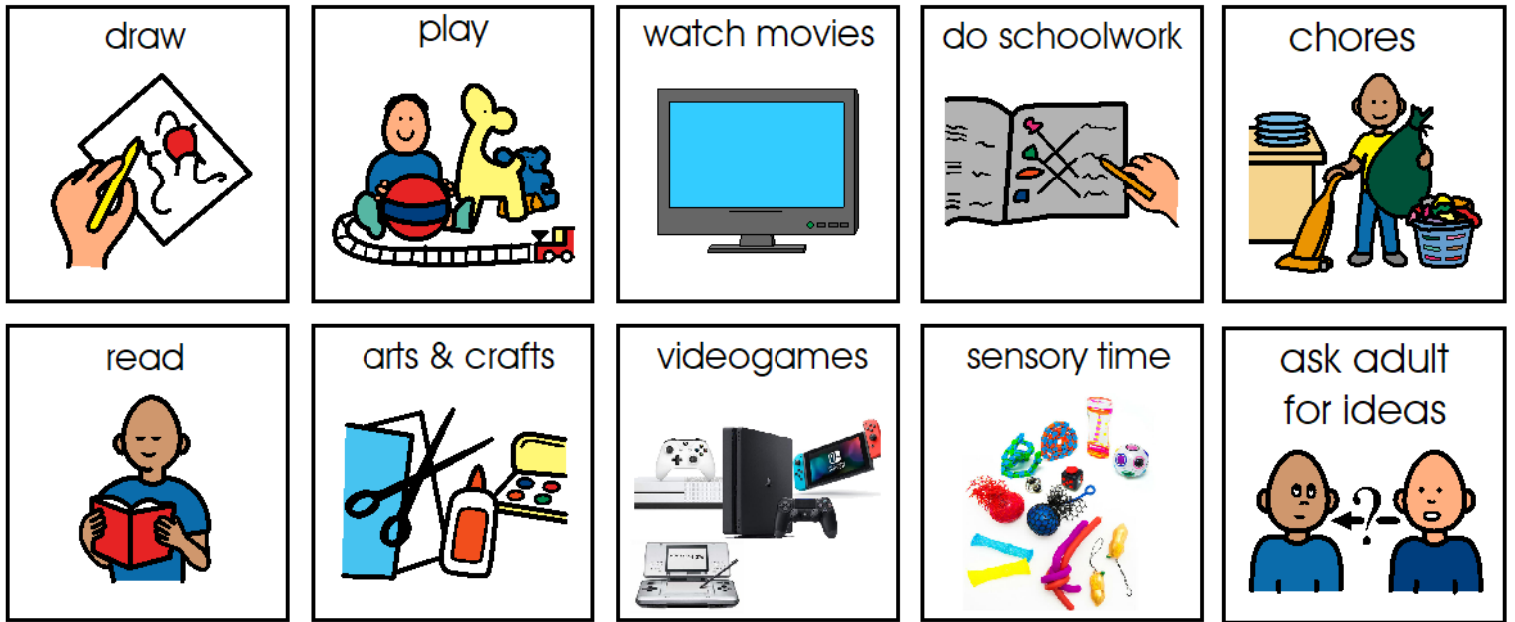

confused

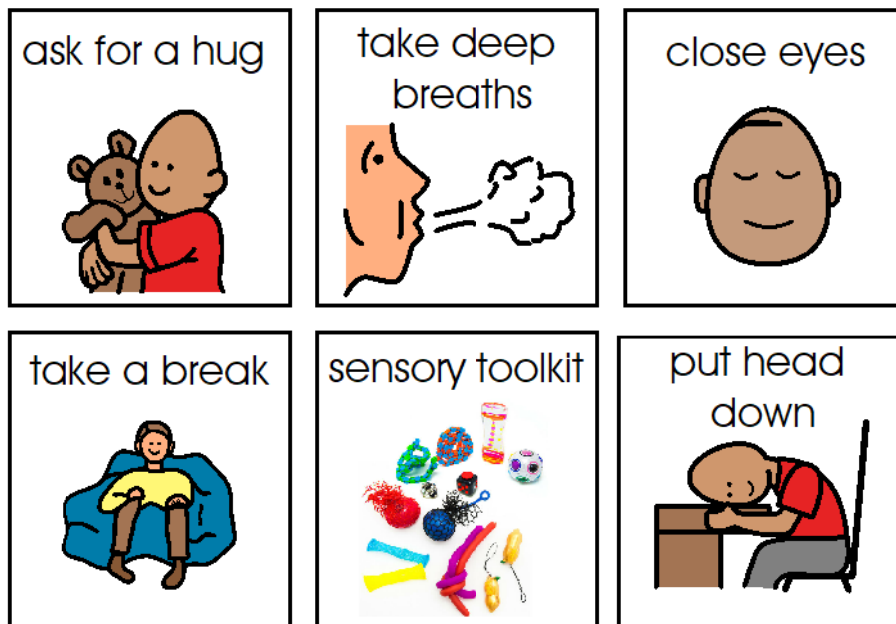

I might feel bored, sad, upset or confused that I have to stay home. I can find other things to do while I am at home.

Here are some things I can do when I have to stay home:

Because school is closed, I may feel worried or scared.
This is what I can do when I feel worried or scared:

It may take many days or weeks before school is open again. I can wait until I am told it is OK to go back to school.

I can do this!

Sometimes things change like when I have to stay home because I am sick or sometimes school has to close down. I can handle this change!
